Christopher Flack (Chris) is Executive Director of External Relations for Progress Energy Florida, an investor-owned electric utility with operations in 35 Florida counties, serving more than 1.6 million customers.

Mr. Flack's current responsibilities include Florida public affairs, public policy, community relations, economic development and commercial, industrial and governmental sales and service.

Before joining Progress Energy Florida in 2007, Mr. Flack worked eight years for Florida Governor Jeb Bush. His responsibilities included directing Legislative Affairs and coordinating the Governor's Environmental and Agriculture Policy.

Mr. Flack is new to the Tampa Bay region, just having recently relocated from the Progress Energy offices in Tallahassee.

A graduate of Florida State University, Mr. Flack holds a Bachelors of Arts Degree in Political Science.
